Flushing Notice

WhiteWater, Inc. will be conducting the annual "Fall" hydrant flushing for the Town of Sterling Water starting on Monday November 13, 2017. Flushing is scheduled during the day between the hours of 8:00 AM and 4:00 PM. and will be completed by Friday, November 17, 2017.

Hydrant flushing is conducted to remove air and accumulated sediment from the water mains that may impair water quality. The program also provides the opportunity to inspect hydrants to ensure they will operate properly in the event of a fire. During the flushing program you may notice a temporary loss in water pressure and water discoloration. Please observe water first prior to doing laundry.

If you have any questions, please contact the WhiteWater office at (888) 377-7678 during normal business hours between 8:00 AM and 5:00.
