Meeting was called to order by Chairperson Geoffrey Cooper at 6:32 pm.

DISCUSSION & POSSIBLE ACTION ON STERLING SUPERFUND HEMP-

REMEDICATION: Mr. Brad Davis presented a copy of a PowerPoint Presentation (copy of file) to the members. He is interested in obtaining soil samples of the Revere site to test for containments. He is looking at the possibilities of Hemp being used to help remedy contaminated soils and was wondering if the Revere site would be a potential area that needs remediation. He stated the soil test would be sent to labs at the University of Connecticut and the town would not be held responsible for the cost. A motion was made by D. Roussel, seconded by S. Blinkhorn to recommend to the Selectman to allow Mr. Brad Davis to take soil samples if there is no cost to the town and if there would be no lasting disturbance to the land. All voted in favor of the motion.

ADJOURNMENT: A motion was made by D. Roussel, seconded by R. Bien to adjourn at 7:02 pm. All voted in favor of the motion.
